

TEACHER TRAINING SUBJECT SPECIALISM

TSST MATHS

TSST Maths Training 2016-2017

Subject specialism training in secondary mathematics for non-specialist, returning teachers and those teachers wishing to improve their subject knowledge in tougher areas of the curriculum. Eight free workshops run by Twyford CofE High School approved and funded by the Department for Education and supported by the Maths Hub – London Central & NW. Workshops are designed to boost subject and curriculum knowledge for current teachers and to support those returning to the profession.
